Export of textiles goods

1858. SHRI S. K. T. RAMACHANDRAN: Will the Minister of TEXTILES be pleased to state:

(a) in view of the fact that textile export are steadily growing from year to year and as textile exports is the major foreign exchange earner, what steps are taken to explore more markets abroad for textile goods especially for ready-made garments; and

(b) what steps are taken to launch new schemes in all sectors of textile industry to produce fascinating new varieties with alluring designs to attract foreign markets?

THE MINISTER OF STATE OF THE MINISTRY OF TEXTILES (SHRI ASHOK GEHLOT): (a) In recent months Government have taken a number of measures to boost export of textile goods like facilitating import of new machinery without licensing requirements, introduction of Liberalised Export Promotion (Capital Goods) Scheme, easier access to raw materials of international quality, Liberalised Exchange Rate Management System etc. Moreover, measures like increase of allocation from 10 per cent to 18 per cent under Non-Quota Entitlement (NQE) system for garments and introduction of Non-Quota Exporters Entilement system for Textile with an allocation of 8 per cent with effect from quota year 1992 are meant to specially encourage export to non-quota markets. In addition the concerned export promotion councils, while deciding about participation in fairs and exhibitions and organising Buyer-Seller Meets, keep in view the objective of exploring new markets.

(b) The National Institute of Fashion Technology is conducting courses on fashion design etc. The Apparel Training & Design Centre at Tirupur is also helping the garment exporters to improve their designs.

Spindle and loom utilisation of textile mills in private public and co-operative sectors

1859. DR. SHRIKANT RAMCHANDRA JICHKAR:
SHRI SUSHILKUMAR SAMBHAJIRAO SHINDE:
